## Horizontal Wonder

**A**.O. Smith India, a leading water heater manufacturer, has launched EWSH, India's only horizontal water heater with BEE 5 star rating. The heater is ergonomically and aesthetically designed and comes with both floor and wall mounting options. It also comes with a unique glass coated heating element and a four-year warranty on the heating element. The EWSH is also equipped with a safety valve designed to automatically relieve and discharge water in case the pressure overshoots the limits. Available in capacities of 15 and 25 litres, the heaters are priced at Rs.7200 and 7800 respectively.
