**OVER A CENTURY OF INNOVATION.**

A. O. Smith enjoys a rich history of achievement. We are a global leader in water heaters. With this as our focus we celebrate a **144 years** of integrity, innovation and most importantly, customer satisfaction.

**KEY FEATURES.**

**BLUE DIAMOND® GLASS LINING**

Blue Diamond® technology increases the life of the inner tank. The lining is stronger and more corrosion resistant than any other in the industry.

**GLASS COATED HEATING ELEMENTS**

Scale and sediment build-up on the surface of the element can lead to premature failure. A. O. Smith Glass Coating helps to prevent scale formation and extends the life of the heating element.

**TEMPERATURE CONTROL KNOB**

The temperature control knob allows you to set the temperature anywhere between 25°C to 75°C.

**THERMAL CUTOUT**

If the water temperature exceeds the preset level, the thermal cut-out cuts off the power supply to assure safety.

**SAFETY VALVE**

The safety valve is designed to automatically relieve pressure and discharge water in case the pressure overshoots the preset limits.

**LONGER WARRANTIES**

7 years warranty on inner tank.

**COMPREHENSIVE WARRANTY**

4 years comprehensive warranty.

**ENERGY SAVING**

BEE 5 star rating. One of the most efficient water heaters you can buy.

**\*\*Power of 1 Service**
